

Community Assessment Program Area 41 Report to the Community

The Community Assessment Program is intended to bring work groups of city employees across department lines into each neighborhood of the city so all neighborhoods are the focus of an information gathering and issue identification effort at least once a year.

Staff walked this area on December 17, 2003 to conduct a first hand assessment. Corrective actions have been scheduled, assignments made, follow-up is being documented, and this report has been prepared to the community on the area.

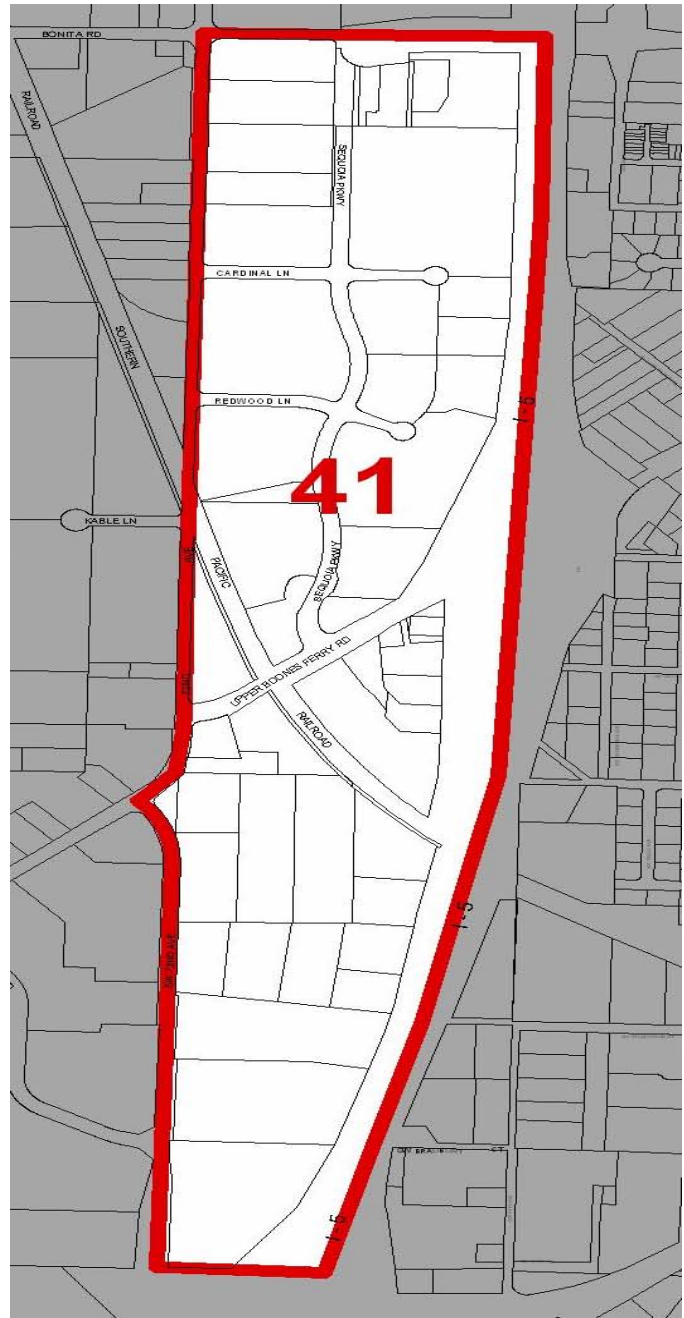

This area is bounded on the north by Bonita, on the west by 72nd, on the south by lower Boones Ferry Road and on the east by I-5.

Below is a summary of the assessment of your area. Please note where the city or other agency will assume responsibility for follow-up and where private citizens are responsible. Volunteer opportunities are also identified where neighbors could get involved to address issues. Together, we can work to improve our community.

Street maintenance – Several comments were received regarding needed street maintenance to fix potholes, cracks etc. The Public Works Department will assess each location and establish a priority for maintenance. Questions? Contact Howard Gregory at 503-639-4171 ext 2606 or howard@ci.tigard.or.us.

Clogged catch basins – The Public Works Department will send a crew out to clear out clogged catch basins where noted. Keeping the catch basins clear is important to insure that rain water is directed where it is designed to go. You can help by not dumping debris of any kind down the storm drain and by calling the Public Works Department if you notice a catch basin that needs to be cleaned out. Questions? contact Eric Hand at 503-639-4171 ext. 2607 or eric@ci.tigard.or.us.

Map of Area 41

Major road improvements – The need for major road improvements in the area was recognized. The Engineering Department has been asked to review and comment on potential timing and funding of road improvements. For more information, contact City Engineer Gus Duenas at 639-4171 ext 2470 or gus@ci.tigard.or.us.

Vegetation blocking fire hydrants – There was an example where vegetation had been allowed to grow up around fire hydrants. This can create a problem if there is a fire because the fire department may have a delay while trying to locate and clear the hydrant. The Public Works Department will send out crews to clear the vegetation at the locations noted, but you can help by keeping the vegetation trimmed around a fire hydrant on your property. Questions? Contact Sam Morrison at 503-639-4171 ext. 2600 or sam@ci.tigard.or.us.

More ways you can help make our community better –

If you spot graffiti contact the police non-emergency number at 503-629-0111 to report the location. An officer will be dispatched to photograph the graffiti for record and the property owner or public agency (if it is on a utility pole, box or transit stop) will be notified.

Neighborhood Watch - Are your neighbors watching out for you? Do you know your neighbors? Do you know how and when to call Tigard Police? Start a neighborhood watch program! At some point, your neighborhood may have had an active Neighborhood Watch program working in partnership with the Tigard Police. Over time, many Tigard neighborhoods have evolved with new residents moving in and others moving away. Maybe it is time to take another look at your neighborhood. For more information on how to take a bite out of crime in your neighborhood and at the same time get re-acquainted with your neighbors, contact the Tigard Police Crime Prevention Officer at 503-718-2561.

Help protect our streams - If you and your neighbors, church group or scout troop would like to help keep our streams clean, help out by volunteering to stencil storm drains. The “dump no waste, drains to stream” message reminds people not to dump soapy water, pesticides or other substances down the storm drains. If you are interested, contact Susan Koepping at 503-639-4171 x 2402 or susank@ci.tigard.or.us.

If you are interested in serving as a community connector for this area, please contact Liz Newton at 503-639-4171 ext. 2412 or liz@ci.tigard.or.us. The role of the community connector is a two way communicator of information as well as the neighborhood contact in times of emergency.
